Treatment Spotlight Enlighten Peel

Enlighten peel is a prescription level, skin exfoliating and lightening system that includes an in-office treatment and a 28-day home care regimen to work against skin blemishes and discoloration.

TARGETED TREATMENT FOR:
Hyperpigmentation

Melasma
Dark spots and freckles
Blotchy or scarred skin
Dull skin
Large pores

How Does It Work? Enhanced by multiple high potency skin exfoliating and lightening agents, Enlighten peel stimulates cell turnover and exfoliates the upper surface of the skin to lift existing pigmentation, irregularities or blemishes. At the same time, the lightening agents continues to inhibit discolored pigmentation at the dermal level to equalize skin tone.

*Photo below is 3 weeks after 1 treatment! Notice the improvement in pigmentation on the patients forehead, under eyes, upper lip.. really the entire face!

Ready To Learn

Because a child who can read is a student who will learn

St. Louis Skin Solutions has teamed up with a nonprofit organization, Ready To Learn. This organization was created to provide free books for children in the St. Louis area, to help prepare them for success in the classroom and in life.

Ready To Learn partners with schools in the St. Louis area to give students the opportunity to own their first books and to encourage a love of reading.

Donate a book, or a few and receive \$10 OFF towards your treatment! We are collecting new or gently loved books for reading levels K-12th grade. Thank

you in advance.
